## Stop the Presses! Save the Date! The BHRG Basset Bash is November 12th

Our **Annual Basset Bash** will be **Saturday, Nov 12<sup>th</sup>**. It will be held in the large pavilion at Fowler Park in Cumming, Georgia, where we will play hound games such as What Won't That Hound Eat!?, Hold our Longest Ears and Costume Contests, and have an Obstacle Course, pause for our Memorial Moment, and much more. This year we will welcome back a variety of Food Trucks for your dining and drinking pleasure (we will also have bottled water, as usual). Stay tuned for more details. You can register by completing the form

in the newsletter and sending \$12 per person to our PayPal account, [eventsbhr@gmail.com](mailto:eventsbhr@gmail.com). We can't wait to see every one, and every hound, in person! The theme for this year is **"It's Raining Bassetts"**. Our pups can hardly wait to get there. You can order your Bash t-shirt online at

### We Need Your Help!

**Bash Raffle Donations** Everyone loves a good RAFFLE! Our raffle table wouldn't be complete without your donation items!

Everyone loves our raffle table that's jam-packed with pawesome raffle items. But, we can't load up our raffle table without donations from you! From dog beds to artwork, no item is too big or

too small for the raffle. Don't know what to donate? How about a gift basket packed with dog treats and toys? Or, what about a bucket of snacks and supplies for the perfect tailgating party? What about a grill for cooking treats for your hounds? Have an item that can be paired with something else? We'll take it! The options are endless and all donations are 100% tax deductible and all money raised from the raffle goes

directly to the hounds. If you have a **donation** to add to this year's raffle, please contact Lisa Dastous ([ldastous@gmail.com](mailto:ldastous@gmail.com)) or Rosemary Glennie ([rghennie@bellsouth.net](mailto:rghennie@bellsouth.net)).

**Volunteers!** If you'd like to volunteer for our organizing committee (we need a LOT of help with over 300+ expected to attend), please contact Lisa Dastous

([ldastous@gmail.com](mailto:ldastous@gmail.com)) or Rosemary Glennie ([rghennie@bellsouth.net](mailto:rghennie@bellsouth.net)). We also need volunteers to help **DURING** the Bash - set up/take down/games/judging of games/registration table, etc.

## Sponsor the Bash!

We're excited to continue our Bash Sponsorships, which have been so popular the last few years. We're offering five sponsor levels for 2022. These sponsorships help offset the costs incurred by BHRG for Bash expenses so that more of our funds can go to help Georgia's homeless hounds. Don't miss out!

**Amazing Adopter - \$1,000**

**Fabulous Foster - \$750**

**Fearless Finder - \$500**

**Terrific Transporter - \$250**

**Supporting Sponsor - \$100**

All Sponsors will be acknowledged at the Bash, on our website, on our social media, and in our post-Bash newsletter and receive free admission to the event.

Head over to <https://bhr-event-store.company.site/> of our Bash Sponsors.

**Sponsorships will be accepted until the day of the event!**

## New BHRG Volunteer Opportunities

You can probably imagine that it takes MORE than a village sometimes to keep BHRG running! We are in desperate need of not only fosters (see page 3) but also a [Coordinator for our bi-annual newsletter](#) - someone to handle gathering all content, etc. to provide to our graphic designer as well as arrange the newsletter mailing "party" (and organize the volunteers for that event). If you are looking for a way to get involved with our rescue group, this is a great place to start! Please contact Rosemary Glennie at

[rglennie@bellsouth.net](mailto:rglennie@bellsouth.net).

We are also still looking for BHRG Transport Heroes! If you would like to be called on to help, please send a note with the following info: 1. City and county of residence; 2. Name and contact info; 3. How far are you willing to drive?; 4. Times of availability? Weekends only? Nights? 24/7? Weekdays from 10:00am to 2:00pm? Please let us know!

Send an email to Amanda Janes at

[ajanesbhr@gmail.com](mailto:ajanesbhr@gmail.com) OR Rosemary Glennie at

[rglennie@bellsouth.net](mailto:rglennie@bellsouth.net).

## Help BHRG While You Surf the Net!

You can stop by our website at [bhr.org](http://bhr.org) and make a donation through PayPal, check out our event calendar (and mark your calendars for our BHRG Bash), or access a copy of the newsletter.

**Stop!**  [amazon.com](http://amazon.com).

Before you head to **Amazon.com**, swing by [bhr.org](http://bhr.org) - on the bottom of the page, you will see a list of BHRG Affiliates. It's just a simple click! Browsing FROM our site TO Amazon and making ANY purchase will benefit our rescue organization. Buy school books, clothing, household goods, craft supplies, or even groceries. Amazon contributes a percentage of each item purchased from our link to their site (the old Amazon Smile program contributed MUCH less and BHRG is no longer participating)! Use your frequent flyer credit card and make it a double win-win!!

## Memorial Ceremony and Pet Blessing

Each year, we honor the hounds that have made their way across the Rainbow Bridge. This is a very moving moment during the Bash as we pause to recognize their loss. If you have experienced a loss since the 2021 Bash, please let us know by completing the Memorial section on your Bash registration form. Your heavenly hound does NOT have to be a BHRG alum to be remembered. You may also do this in person at the Bash registration table.

## Don't Forget

Look for the following forms inside that are essential for your best Bash experience:

 **Bash Registration form** - Must be received and post-marked by November 6<sup>th</sup>

Online registration deadline is November 10 (also, you will pay \$25 per person at the door if your registration is post-marked later than 11/6/22 & time-stamped later than 11/10/22)

 **T-shirt pre-order form** - Must be RECEIVED by September 26<sup>th</sup> so we can have the shirts printed.

 **Vet Services** - Riverside Animal Hospital will be at the Bash to offer **nail trims**, **microchipping** (BHRG chips all of our foster hounds and we definitely recommend you chip your hounds, too!), & **discount vaccinations** during the Bash this year. Don't forget to bring an extra check or cash to ensure your hounds are protected by annual vaccines as well as the simple technology that can assist you in recovering your beloved hounds if they wander off.

## Fosters Are Always Needed

BHRG has been rescuing bassetts of all ages, shapes, sizes, dispositions, and various levels of physical health for 30+ years!! That's right, 30+ years and still going strong. As you may have learned, we will not turn a hound in need away. This is an incredible feat that requires the help of our entire village, a village comprised of fundraisers, donors, liaisons, transporters, vets, fosters, other volunteers, and adopters, amongst a vast network of cheerleaders. Over the years our organization has experienced the highs and lows that come with the risks and rewards of doing what unites us all, our love of this unique breed of low riding, long eared, toddler like, Frito smelling hounds we simply can't live without.

## "Life in the Trenches" by Whitney Harper

"Life in the trenches is hard, but we choose blood, sweat, and tears. Occasionally hounds come in ready to roll, others have a long road of recovery ahead. Currently, it's raining bassetts! We are taking them in 5 times faster than we are moving them out, and the half truths regarding their lives before BHRG are creating dangerous eddies in the rising floodwaters. Regardless, no matter what the previous circumstance, we believe there are better days ahead."

"Life in the trenches is hard, but we choose blood, sweat, and tears. Young, old, underweight, overweight, healthy, sick, happy, scared, socialized, seemingly feral, athletic, arthritic, pearly whites, in need of multiple extractions, spayed/neutered, intact - even pregnant, up to date, never been vetted, house broken, go where they please, affectionate, afraid, runny poops, runny eyes, cherry eyes, dry eyes, one eyed, docked tails, ripped ears, wonky legs, bad backs, bad skin, bad breath, bad attitudes, bad raps. No matter what the previous circumstance, we believe there are better days ahead."

"Life in the trenches is hard, but we choose blood, sweat, and tears. Some hounds are anemic and infested with fleas, others have insane allergies. Some have lived into double digits and their owners have passed, others have been bounced around to 4 different families in 3 years. Some have never laid foot inside a home, and others have never laid foot outside of a cage. Some have never felt a gentle hand, others have never had a regular meal. Some love other canines and don't trust humans. Others love only humans and not other canines. Some are undeniably good looking, others aren't as easy on the eyes. Some are super sweet, some are quite smart, others have a screw loose, or have to rely on charm alone. No matter what the previous circumstance, we believe there are better days ahead."

**Cont. on next page**

## **cont. from previous page**

"Life in the trenches is hard, but we choose blood, sweat, and tears. Many are successfully rehabilitated in a few short weeks, others take months, even years, to get situated in their new normal. Some leave our care as youngsters and are welcomed back into the fold as seniors. A few don't make it, but do experience love in their final hours before crossing the rainbow bridge. No matter what the previous circumstance, we believe there are better days ahead."

"Life in the trenches is hard, but we choose blood, sweat, and tears. None of these hounds have chosen the road to rescue, but we have chosen to make this the road of least resistance for them. We arrange intake, transportation, continued veterinary appointments, visits at the kennel, foster and forever families. We invest our time, patience, and sanity for the cause. We are oftentimes misunderstood and ridiculed, but many times celebrated and revered. Just when we think we've heard or seen it all, and we're ready to hang it up for a much less complicated and stressful life, we are reminded of the value of our persistence, our willingness to keep putting one foot in front of the other no matter how challenging, and our ability to unite wagging tails and smiling faces. No matter what the previous circumstance, we know there are better days ahead."

Whether you prefer young or old, healthy or sick, active or more sedentary, we do our best to match our fosters with the right hound much like we do with forever families because we want the experience to be a success for all parties involved. If you foster a hound you realize you simply cannot send on to another family, foster adoption is ok too! Fosters are always needed, even if only to be on-call for when that blind senior who doesn't need steps to contend with, or that wild 2 yr old that refuses to stop being a puppy, or that hound that needs a home without any other fur babies, or even the hound that needs the support of a well-functioning pack. We never know what type of hound(s) will come in from our amazing intake network, and we will not turn any of them away. The kennel is a lovely facility but can still be quite stressful for the hounds, and doesn't really provide the level of observation required to answer the questions many of our potential adopters have. We need all of the compassionate, patient, and courageous folks we can get in order to cat test, nurse back to health, socialize, potty train, and simply love these hounds that deserve a second chance for happily ever after.

## **Foster Humans...We NEED You!**

Won't you consider becoming a Foster Home to one of the many we have in our care? As you know, BHRG has never turned down a Basset in the state of Georgia. If we don't have a home for them to go to, they have to live in our kennel until they get adopted or a foster home opens up. YOU can make a difference in their life if you open up your heart and home and help that hound know the love and comfort they deserve! Here's where to start:

**[http://www.bhrg.org/foster\\_application.htm](http://www.bhrg.org/foster_application.htm)**

- 🐾 How does it work? Our AMAZING Foster Coordinator, Whitney Harper, will contact you after receiving your application and chat about your home and lifestyle. She knows our hounds best and can match one that will fit in with your family.
- 🐾 Do I have to pay for stuff? NO! All vetting, heartworm, and flea preventatives are paid for by the rescue. You may though, from time to time, have to take your foster hound to an approved BHRG vet appointment while they live with you, but that is taken care of by BHRG.
- 🐾 What do I have to do? Foster homes have to provide for their foster hound's daily needs, food, shelter, a safe yard to play in. Guidance, manners, potty training, and leash training are all skills you may need to work on with your foster hound. Until your foster hound is adopted, we also ask that you bring them to one adoption event per month so they can meet prospective families who are ready to adopt. See, it's that easy!
- 🐾 Do you have any other questions? Feel free to contact our Foster Coordinator, Whitney Harper, and she will be happy to answer ANY questions you may have. Whitney can be reached at **[whitneycbowles@gmail.com](mailto:whitneycbowles@gmail.com)**. Put in your application TODAY!

## Spring Fling 2022 - Our Mission Was Pawsible

Many thanks to all of the volunteers, donors, & those who attended the 2022 Spring Fling held on April 30, 2022 at The Reid Barn. This year's theme was **Mission: Impawsible** & many of our basset heroes along with their hounds were represented in our video. This year the event missed its target of \$75,000, raising right at **\$66,000** after expenses (many factors were beyond our control) Wendy Miller was our auctioneer, and Julie Hall served as our Hostess/MC. She kept things running smoothly. Sixty plus attendees played Heads or Tails with the winner Chuck Grissom walking away with half the pot of \$515, which he generously donated back to BHRG. Over 150 people were part of the Spring Fling's fundraising efforts. Thank you to all who participated purchasing t-shirts, participated in the quilt raffle, bidding/donating in the live & silent auction, donated during our Mission Moment, and sponsored the event. For those of you who couldn't join us here's a few extra highlights and notes:

### **Mission: Impawsible**

## We Celebrated Our Extra Special Volunteers

We celebrated our "Volunteer of the Year," **Donald (Doc) Byars**. Doc has been with BHRG since he adopted his first basset, Bones, from us in 2006, and has adopted probably close to a dozen more since then. Shortly after that, he began his "transport" service. Doc has traveled to every corner of the state picking up lost/unwanted/sheltered basset hounds. He never says "no" – he just goes. **Doesn't matter how far, when, or where – he's always on board.** BHRG wouldn't be able to function without him. He is a retired from the Armed Forces, so he has plenty of free time on his hands. Doc currently has three basset girls – Cupcake, Nelda Bell, and Hazel. Cupcake and Nelda Bell are BHRG Alumni, and Hazel was a privately owned girl that Doc adopted on his own. Before these girls, a large number of bassets have passed thru his door. Thank you Doc for being such a dedicated volunteer. Your award was well deserved!

We also celebrated our "Veterinarian of the Year", **Sugar Hill Animal Hospital**. Sugar Hill AH has welcomed BHRG with open arms, and jumped right in to help our homeless hounds. Their entire staff, from the receptionist to the techs and vets are getting to know and love bassets, even the difficult ones, like we do. We have several fosters that love having a vet in such close proximity, especially since their fosters require more than annual checkups. Thank you Sugar Hill Animal Hospital for tending to our BHRG hounds and their humans with your expert knowledge and compassion.

## Thank You To Our Very Generous Sponsors!

A Big thank you to our event sponsors! Your support helped cover the costs of the auction so that the money we raised during the event goes straight to the hounds. Our 2022 Sponsors were: **Secret Agent:** Ferguson Foundation, Chuck Grissom and Jim & Marjorie Holler, **Double Agent:** Wendy Grisson in memory of Kristin Echelbarger, Hound E's in memory of best dog mom ever and Anglin Pups, **Undercover Agent:** Debbie's Dawgs, Tracy & Gary Perry, Alan & Leslie Wolfe, Melanie & Tony Aguto and Arlene Veldhuis, **Safehouse:** Howard, Claire & Brenna Cohen, Senior Houndsabout, The Thomas Hounds, The Pirkles, Jim & Sandi Chambers, Dave & Toni Strawn, Melissa Legg & Rick Reeves, Alan & Anne Taetle and Shallowford AH, **Mole Sponsors:** April & Matt Foust, Courtyard Atlanta Buckhead, Pam Mishler, Chris benise, Linda Gregory, Liberty Snyder and Howard, Claire & Brenna Cohen. **Kristin Echelbarger Memorial Sponsorship:** Abigail Davis, Amanda Stachiewicz, Carole Hoke, Christine Waldman, Chuck Rob, Gail Wilson, Jeff & Cindy Middaugh, Josie Panaligan, Logan & Melody Gray, Marci Thomas, Melissa Legg and Rick Reeves, Monica Celizic, Randy Fogelman, Sheila Peeler, Tammy & Stephen Pirkle, Toni Strawn, Catherine and Scott McCoy and Sara Staffo

## Thank you to the Mission Agents who helped plan & run all of the various components of this year's Spring Fling!

So many folks to thank! Julie Hall chaired the event with Sheri Ray as her co-chair. Marci Thomas spun magic with sponsorships & tee shirt sales. Wendie Price was our t-shirt mission mailer. And we couldn't have done it without the rest of the team: Kelley Craven, Jeff Simmons, Molly Drennen, Stacey Fuller, Wil & Patty Grewe-Mullins, Wendy Grissom, Rande Fogelman, Tim Maret, and Toni & Dave Strawn, Katie Ray and Rosemary Glennie

**SAVE THE DATE** - BHRG is very excited to present our 2023 Spring Fling, date and venue to be announced at a later date. So keep checking our Facebook page and the BHRG website (**www.bhr.org**) for announcements as we get closer to the event. You won't want to miss out, it's will be a good time to be had by all!!

## Be A Rescued Basset's Foster Hero!!

We are really in need of fosters or forever homes for the hounds below. If you are interested in more information on fostering a hound for BHRG, please reach out to our Foster Coordinator Whitney Harper at [whitneycbowles@gmail.com](mailto:whitneycbowles@gmail.com).

✂ **Orion** This big, handsome boy is a 2 yr old trapped in an 11 yr old body. He's lost 12 much needed pounds, and is doing great on meds to manage his thyroid & arthritis. A home with lots of love & minimal steps is his dream home. Once he acclimates to his new surroundings he should be housebroken and is kiddie, kitty, & dog friendly. Sometimes he gets a little too friendly trying to hump his playmates, but is a quick learner so a firm but kind canine companion would be ideal.

✂ **Ezra(aka Charlie)** This 5 yr old has been waiting for the right foster home since the beginning of the year! He has finally been examined by a specialist for his skin issues & a new treatment plan is underway. He has some quirks with certain people & shoes/boots coming toward him, & would fare best in a home with no small children. Regardless, he is very lovable & desperately hoping to find the right family who will understand him.

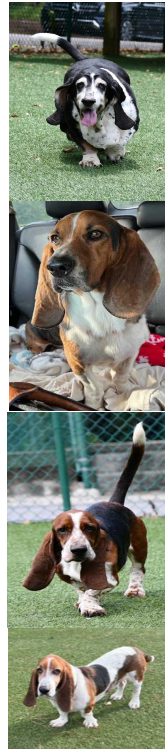

✂ **Charles** is a 4 yr old who came from a backyard breeder. He likes to mark EVERYTHING, & is not housebroken due to living outside. He is a great looking, happy fella, content to do his own thing or roll over for belly rubs. He's not too big or too small, but given his very masculine demeanor he would be best with another female or low key male friend.

✂ **Everett** is a sweet and energetic 5 yr old boy. He had a mass taken off his back that came back as just a cyst. He may have been abused in his past & is somewhat leery of some men and seems to prefer women. As a single mom household, his second family had to make the difficult decision to give him up in hopes his next family will have more time to devote to him. He has all the basset qualities that require a basset savvy family and a securely fenced yard to prevent him from taking off to roam in pursuit of alluring smells.

## Spotlight Hounds

**Andy** is around 13 yrs old. His owner passed away & his family dumped him at the shelter. He was skin & bones and needed lots of vet care. The shelter staff noticed a lump in his jaw that was petrified hair lodged in his mouth. He clearly suffered from years of neglect. He is as sweet as can be & is in wonderful hands now with his loving foster Dad, who he has been with Has been with for a couple of months now is doing so much better. He is eating well & starting to gain back some of his body mass. And he is starting to understand that he has a loving & secure home now. He is going to always need lots & lots of love & deserves it all!

**Seneca** is an older girl around 9-10. Some good Samaritans happened to see her owners loading up their moving van & were getting ready to leave Seneca behind. They said "you forgot to load up your dog" and were told "if they want her, they could have her," They planned to abandon her all alone. Fortunately this kind family called BHRG & we scooped her up. She was covered in ticks & was sweet as can be. She now has a loving foster family who have told us Miss Seneca has come out of her shell. She has figured out how to come over to stare or bark at them if she needs to go out or wants some attention. She knows the dog-door & is totally housebroken. She would make a great companion to someone who needs a calm, easy going buddy. She is not really interested in other dogs but not aggressive to them either. Please consider adopting this sweet little lady & give her the forever home she deserves.

## Need A Hound Sitter?

Going out of town and not sure who to call to take care of your houndies? BHRG put out a request for recommendations\* and these ladies submitted their names as hound sitters for multiple folks at BHRG. Give them a call next time you need a hound sitter:

- ❖ Rande Fogelman 404.314.2461
- ❖ Karie Holt 678.773.2703
- ❖ Madilyn Robertson 404.751.6565
- ❖ Jane Sowden 404.931.7901

\* Sitters were self-nominated and should be contacted by YOU for their references and information on their experience.

## Animal Rescue is HARD Work!

It requires you to be tough. Being physically or emotionally weak is never an option. It is a 24/7 job. It never ends. You often want to give up but every tail wag and happy ending reminds you why all the time, tears, money, and pain are worth it.

Thank you, BHRG & ALL Rescue Groups!
